Subject: Microsoft Settlement

Sirs,

Mrs. Himmelfarb and I believe the proposed settlement fails to achieve the necessary goals of a proper remedy: halting the illegal conduct of Microsoft, promoting competition in this industry, and depriving Microsoft of its illegal gains.

Perhaps we are just whistling in the dark, what with there being a Republican, therefore business oriented, administration in the White House. However, we do believe that Justice should triumph over naked greed.

In a case of this magnitude, what is best for our country as a whole should prevail over what has become convenient. It is our hope that Justice will succeed.
